Placement of political signs-

State of Indiana says that political signs may be placed 60 days prior to election(s). The Town of Santa Claus does not have language in existing ordinance relating directly to political signage. The town's current ordinance pertains to only temporary signage. It is stated that political signs may only be placed on private property, and cannot be placed on State, county, or local rights of way. It is also pointed out that the Zoning Administrator has the authority to remove temporary signage in town. Commission President intends to enforce existing temporary sign ordinance during next election.
