TRAINING OF NEW CLERK-TREASURER

Kevin Burke stated funds are available from the general fund of the town manager budget since the town has not hired a person for that position. The council can set a number of hours not to exceed for the training of Mrs. Lindsey. For example, 30 hours per week for 3 weeks in April, 30 hours a week around budget time for the general, 30 hours a week during water and wastewater budget time and 30 hours during year end duties.

Kelly Greulich stated that my full intentions are for Jane to feel comfortable in her position as Clerk-Treasurer and the town continues to move forward. It will take some time to get emails and passwords set up in Jane's name for all the town accounts. She can decide on the amount of training and when.

Burke stated the council can cap the hours at 180 and if Jane needs more time she will need to come to the council for approval.

Patricia Vaal made a motion to approve a contract with Kelly Greulich to train new Clerk-Treasurer Jane Lindsey up to 180 hours at a rate of \$ 27.90 to be paid from the general fund and Brian Warran seconded the motion.
